To the People of Illinois:

The funeral ceremonies of the late Chief Magistrate are to take place in this city, at the Executive Mansion, at 12 M., on Wednesday, 19th inst. The acting Secretary of State has invited the various religious denominations throughout the country to meet within their respective places of worship, at that hour, for the purpose of solemnizing the occasion with appropriate ceremonies. MEETING OF KENTUCKIANS.

A meeting of Kentuckians was held last night. Suitable action was taken in reference to the death of the President. J. B. Stewart, and Colonels Shaffer and Duncan, were appointed a committee to carry the arrangements into effect.

The Navy Department has issued orders for closing business at all the navy yards and naval depots on Wednesday, and for observing the day on board of all national vessels in the United States.

THE ASSASSINS.

The report still prevails that Booth has been arrested, and is on board a gunboat in the Potomac. The origin of the story was in this wise. A prominent military officer came into the Navy Department on Saturday, and said he had just learned that Booth was overtaken some miles out on the road leading from Seventh street, and asked whether the Department would consent that he be placed on board of a gunboat. The reply was in the affirmative. Unfortunately the same officer received later information that the report was not true. The military authorities received no intelligence of his arrest.

SECRETARY REWARD.

At half past one o'clock to day Secretary Seward was represented to be in an improving condition, though he rested rather uncomfortably last night, from mental excitement, caused by conversation with friends in relation to recent events. His son Frederick has partially recovered consciousness, and his symptoms are otherwise somewhat favorable. Mr. Hansell the messenger of the State Department, who was stabbed in the back at the same time, is a great sufferer, but believed to be out of danger. Numerous arrests of indiscreet or suspected parties have taken place to day. They cause much excitement. Reports prevail that Surratt is among the number, but this is not true.
